

# California Society of American Foresters

## *2021 Virtual Winter Meeting California's Forest Fire Crisis ... Working the Problem*

**Thursday February 4<sup>th</sup> & Friday February 5<sup>th</sup>, 2021**

During the 2019 and 2020 Winter Meetings we addressed the fire and forest health issues, and solutions. At our meetings, many good ideas were shared, with the need to adjust the *'pace and scale'* of projects on the landscape being a reoccurring theme.

Two years later and after the worst fire season in recorded history, how are we doing? At this meeting we will drill down to what is working and what is not working. What have we learned? What new resources are available?

Come join us at the **2021 California Society of American Foresters Virtual Meeting** to explore these and other questions. Learn about the upcoming in-person SAF National Conference in Sacramento this fall and how you can participate.

**Thursday** will start off with the California SAF **Executive Committee meeting**.

- The meeting is open to all interested individuals, however please contact the meeting organizer if you wish to attend as it will be a separate virtual meeting invitation – email - [ncsaf@mcn.org](mailto:ncsaf@mcn.org)
- Committee members will automatically receive the invitation.

**Thursday evening from 4-5:30 pm**, there will be a virtual social gathering.

- This will be an opportunity to reconnect with colleagues and meet individuals from around the state and beyond.

**Friday's Conference** will be held online.

**Mark your calendars now and register** for the 2021 California SAF Winter Virtual Meeting.

We are happy to anticipate meetings after this will be in-person, including the upcoming fall National SAF Conference in Sacramento November 3-7, 2021!

Any questions please contact:
